In addition, no such physical therapist, physical therapist assistant, applicant, or record custodian may withhold records or testimony bearing upon a physical therapist's, physical therapist assistant's, or applicant's fitness to practice on the grounds of privilege between such physical therapist, physical therapist assistant, applicant, or record custodian and a patient.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him or her or to assist in his or her own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, the judge shall, upon his or her own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability, developmental disability, or mental illness. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he or she has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his or her designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

3. A report of the examination made under this section shall include:
- (1) Detailed findings;
 - (2) An opinion as to whether the accused has a mental disease or defect;
 - (3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him or her or to assist in his or her own defense;
 - (4) An opinion, if the accused is found to lack capacity to understand the proceedings against him or her or to assist in his or her own defense, as to whether there is a substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future;
 - (5) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; ~~and~~
 - (5)] (6) A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings;
 - (7) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed, should be committed to a suitable hospital facility for treatment to restore the mental fitness to proceed or if such treatment to restore the mental fitness to proceed can be provided in a county jail or other detention facility approved by the director or designee; and
 - (8) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed and the accused is not charged with a dangerous felony as defined in section 556.061, murder in the first degree under section 565.020, or rape in the second degree under section 566.031, or the attempts thereof:
 - (a) Should be committed to a suitable hospital facility; or
 - (b) May be appropriately treated in the community; and
 - (c) Is able to comply with bond conditions as set forth by the court and is able to comply with treatment conditions and requirements as set forth by the director of the department or his or her designee.
4. When the court determines that the accused can comply with the bond and treatment conditions as referenced in subsection 3 of this section, the court shall order that the accused remain on bond while receiving treatment until the case is disposed of as set forth by subsection 12 of this section. If, at any time, the court finds that the accused has failed to comply with the bond and treatment conditions, the court may order that the accused be taken into law enforcement custody until such time as a department inpatient bed is available to provide treatment.
5. If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his or her conduct or as a result of mental disease or defect was incapable of conforming his or her conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection 10 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or developmental disability facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

- (1) Location and degree of necessary supervision of housing;
- (2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;
- (3) Medication follow-up, including necessary testing to monitor medication compliance;
- (4) At least monthly contact with the department's forensic case monitor;
- (5) Any other conditions or supervision as may be warranted by the circumstances of the case.

[5.] 6. If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

[6.] 7. The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his or her counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

[7.] 8. If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court [may] shall make a determination and finding on the basis of the report filed or [may] hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

[8.] 9. At a hearing on the issue pursuant to subsection [7] 8 of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

[9.] 10. If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. The director of the department, or his or her designee, shall notify the court and the parties of the location and conditions for treatment. After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.

[10.] 11. Any person committed pursuant to subsection [9] 10 of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection [9] 10 of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. When a motion to proceed is filed, legal counsel for the department of mental health shall have standing to participate in hearings on such motions. If the motion is not contested by the accused or his or her counsel or if after a hearing on a motion the court finds the accused mentally

fit to proceed, or if he or she is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

[11.] 12. The following provisions shall apply after a commitment as provided in this section:

(1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his or her counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section with the additional requirement that it include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or developmental disability facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he or she is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

[12.] 13. If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or

dismissal of the charges pursuant to subsection ~~[11]~~ 12 of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he or she has been found restored to competency.

~~[13.]~~ 14. The result of any examinations made pursuant to this section shall not be a public record or open to the public.

~~[14.]~~ 15. No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his or her motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he or she was afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

552.030. MENTAL DISEASE OR DEFECT, NOT GUILTY PLEA BASED ON — EVIDENCE — NOTICE OF DEFENSE — EXAMINATION, REPORTS CONFIDENTIAL — STATEMENTS NOT ADMISSIBLE, EXCEPTION — PRESUMPTION OF COMPETENCY — VERDICT CONTENTS — ORDER OF COMMITMENT TO DEPARTMENT. — 1. A person is not responsible for criminal conduct if, at the time of such conduct, as a result of mental disease or defect such person was incapable of knowing and appreciating the nature, quality, or wrongfulness of such person's conduct.

2. Evidence of mental disease or defect excluding responsibility shall not be admissible at trial of the accused unless the accused, at the time of entering such accused's plea to the charge, pleads not guilty by reason of mental disease or defect excluding responsibility, or unless within ten days after a plea of not guilty, or at such later date as the court may for good cause permit, the accused files a written notice of such accused's purpose to rely on such defense. Such a plea or notice shall not deprive the accused of other defenses. The state may accept a defense of mental disease or defect excluding responsibility, whether raised by plea or written notice, if the accused has no other defense and files a written notice to that effect. The state shall not accept a defense of mental disease or defect excluding responsibility in the absence of any pretrial evaluation as described in this section or section 552.020. Upon the state's acceptance of the defense of mental disease or defect excluding responsibility, the court shall proceed to order the commitment of the accused as provided in section 552.040 in cases of persons acquitted on the ground of mental disease or defect excluding responsibility, and further proceedings shall be had regarding the confinement and release of the accused as provided in section 552.040.

3. Whenever the accused has pleaded mental disease or defect excluding responsibility or has given the written notice provided in subsection 2 of this section, and such defense has not been accepted as provided in subsection 2 of this section, the court shall, after notice and upon motion of either the state or the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused, or shall direct the director of the department of mental health, or the director's designee, to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness designated by the director, or the director's designee, as qualified to perform examinations pursuant to this chapter. The order shall direct that written report or reports of such examination be filed with the clerk of the court. No private psychiatrist, psychologist, or physician shall be appointed by the court unless such psychiatrist, psychologist or physician has

The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department of mental health to have the accused examined, the director, or the director's designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluation. If an examination provided in section 552.020 was made and the report of such examination included an opinion as to whether, at the time of the alleged criminal conduct, the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality or wrongfulness of such accused's conduct or as a result of mental disease or defect was incapable of conforming such accused's conduct to the requirements of law, such report may be received in evidence, and no new examination shall be required by the court unless, in the discretion of the court, another examination is necessary. If an examination is ordered pursuant to this section, the report shall contain the information required in subsections 3 and ~~4~~ 5 of section 552.020. Within ten days after receiving a copy of such report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by an examiner of such accused's or its own choosing and at such accused's or its expense. The clerk of the court shall deliver copies of the report or reports to the prosecuting or circuit attorney and to the accused or his counsel. No reports required by this subsection shall be public records or be open to the public. Any examination performed pursuant to this subsection shall be completed and the results shall be filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise.

4. If the report contains the recommendation that the accused should be held in custody in a suitable hospital facility pending trial, and if the accused is not admitted to bail, or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending trial.

5. No statement made by the accused in the course of any such examination and no information received by any physician or other person in the course thereof, whether such examination was made with or without the consent of the accused or upon the accused's motion or upon that of others, shall be admitted in evidence against the accused on the issue of whether the accused committed the act charged against the accused in any criminal proceeding then or thereafter pending in any court, state or federal. The statement or information shall be admissible in evidence for or against the accused only on the issue of the accused's mental condition, whether or not it would otherwise be deemed to be a privileged communication. If the statement or information is admitted for or against the accused on the issue of the accused's mental condition, the court shall, both orally at the time of its admission and later by instruction, inform the jury that it must not consider such statement or information as any evidence of whether the accused committed the act charged against the accused.

6. All persons are presumed to be free of mental disease or defect excluding responsibility for their conduct, whether or not previously adjudicated in this or any other state to be or to have been sexual or social psychopaths, or incompetent; provided, however, the court may admit evidence presented at such adjudication based on its probative value. The issue of whether any person had a mental disease or defect excluding responsibility for such person's conduct is one for the trier of fact to decide upon the introduction of substantial evidence of lack of such responsibility. But, in the absence of such evidence, the presumption shall be conclusive. Upon the introduction of substantial evidence of lack of such responsibility, the presumption shall not disappear and shall alone be sufficient to take that issue to the trier of fact. The jury shall be instructed as to the existence and nature of such presumption when requested by the state and, where the issue of such responsibility is one for the jury to decide, the jury shall be told that the burden rests upon the accused to show by a preponderance or greater weight of the credible evidence that the defendant was suffering from a mental disease or defect excluding responsibility at the time of the conduct charged against the defendant. At the request of the defense the jury shall be instructed by the court as to the contents of subsection 2 of section 552.040.

7. When the accused is acquitted on the ground of mental disease or defect excluding responsibility, the verdict and the judgment shall so state as well as state the offense for which the accused was acquitted. The clerk of the court shall furnish a copy of any judgment or order of commitment to the department of mental health pursuant to this section to the criminal records central repository pursuant to section 43.503.

552.040. ACQUITTAL BASED ON MENTAL DISEASE OR DEFECT, COMMITMENT TO STATE HOSPITAL REQUIRED — DEFINITIONS — IMMEDIATE CONDITIONAL RELEASE — CONDITIONAL OR UNCONDITIONAL RELEASE, WHEN — PRIOR COMMITMENT, AUTHORITY TO REVOKE — APPLICATIONS FOR RELEASE, NOTICE, BURDEN OF PERSUASION, CRITERIA — HEARINGS REQUIRED, WHEN — DENIAL, REAPPLICATION — ESCAPE, NOTICE — ADDITIONAL CRITERIA FOR RELEASE. — 1. For the purposes of this section, the following words mean:

(1) "Prosecutor of the jurisdiction", the prosecuting attorney in a county or the circuit attorney of a city not within a county;

(2) "Secure facility", a state mental health facility, state developmental disability facility, private facility under contract with the department of mental health, or a section within any of these facilities, in which persons committed to the department of mental health pursuant to this chapter shall not be permitted to move about the facility or section of the facility, nor to leave the facility or section of the facility, without approval by the head of the facility or such head's designee and adequate supervision consistent with the safety of the public and the person's treatment, habilitation or rehabilitation plan;

(3) "Tried and acquitted" includes both pleas of mental disease or defect excluding responsibility that are accepted by the court and acquittals on the ground of mental disease or defect excluding responsibility following the proceedings set forth in section 552.030.

2. When an accused is tried and acquitted on the ground of mental disease or defect excluding responsibility, the court shall order such person committed to the director of the department of mental health for custody. The court shall also order custody and care in a state mental health or intellectual disability facility unless an immediate conditional release is granted pursuant to this section. If the accused has not been charged with a dangerous felony as defined in section 556.061, or with murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040, or the attempts thereof, and the examination contains an opinion that the accused should be immediately conditionally released to the community by the court, the court shall hold a hearing to determine if an immediate conditional release is appropriate pursuant to the procedures for conditional release set out in subsections 10 to 14 of this section. Prior to the hearing, the court shall direct the director of the department of mental health, or the director's designee, to have the accused examined to determine conditions of confinement in accordance with subsection [4] 5 of section 552.020. The provisions of subsection 16 of this section shall be applicable to defendants granted an immediate conditional release and the director shall honor the immediate conditional release as granted by the court. If the court determines that an immediate conditional release is warranted, the court shall order the person committed to the director of the department of mental health before ordering such a release. The court granting the immediate conditional release shall retain jurisdiction over the case for the duration of the conditional release. This shall not limit the authority of the director of the department of mental health or the director's designee to revoke the conditional release or the trial release of any committed person pursuant to subsection 17 of this section. If the accused is committed to a mental health or developmental disability facility, the director of the department of mental health, or the director's designee, shall determine the time, place and conditions of confinement.

3. The provisions of sections 630.110, 630.115, 630.130, 630.133, 630.135, 630.140, 630.145, 630.150, 630.180, 630.183, 630.192, 630.194, 630.196, 630.198, 630.805, 632.370, 632.395, and 632.435 shall apply to persons committed pursuant to subsection 2 of this section. If the department does not have a treatment or rehabilitation program for a mental disease or defect of an individual, that

fact may not be the basis for a release from commitment. Notwithstanding any other provision of law to the contrary, no person committed to the department of mental health who has been tried and acquitted by reason of mental disease or defect as provided in section 552.030 shall be conditionally or unconditionally released unless the procedures set out in this section are followed. Upon request by an indigent committed person, the appropriate court may appoint the office of the public defender to represent such person in any conditional or unconditional release proceeding under this section.

4. Notwithstanding section 630.115, any person committed pursuant to subsection 2 of this section shall be kept in a secure facility until such time as a court of competent jurisdiction enters an order granting a conditional or unconditional release to a nonsecure facility.

5. The committed person or the head of the facility where the person is committed may file an application in the court that committed the person seeking an order releasing the committed person unconditionally; except that any person who has been denied an application for a conditional release pursuant to subsection 13 of this section shall not be eligible to file for an unconditional release until the expiration of one year from such denial. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the released person or the director of the department of mental health, or the director's designee, may file an application in the same court that released the committed person seeking an order releasing the committed person unconditionally. Copies of the application shall be served personally or by certified mail upon the head of the facility unless the head of the facility files the application, the committed person unless the committed person files the application, or unless the committed person was immediately conditionally released, the director of the department of mental health, and the prosecutor of the jurisdiction where the committed person was tried and acquitted. Any party objecting to the proposed release must do so in writing within thirty days after service. Within a reasonable period of time after any written objection is filed, which period shall not exceed sixty days unless otherwise agreed upon by the parties, the court shall hold a hearing upon notice to the committed person, the head of the facility, if necessary, the director of the department of mental health, and the prosecutor of the jurisdiction where the person was tried. Prior to the hearing any of the parties, upon written application, shall be entitled to an examination of the committed person, by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to intellectually disabled or mentally ill individuals of its own choosing and at its expense. The report of the mental condition of the committed person shall accompany the application. By agreement of all parties to the proceeding any report of the mental condition of the committed person which may accompany the application for release or which is filed in objection thereto may be received by evidence, but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

6. By agreement of all the parties and leave of court, the hearing may be waived, in which case an order granting an unconditional release shall be entered in accordance with subsection 8 of this section.

7. At a hearing to determine if the committed person should be unconditionally released, the court shall consider the following factors in addition to any other relevant evidence:

- (1) Whether or not the committed person presently has a mental disease or defect;
- (2) The nature of the offense for which the committed person was committed;
- (3) The committed person's behavior while confined in a mental health facility;
- (4) The elapsed time between the hearing and the last reported unlawful or dangerous act;
- (5) Whether the person has had conditional releases without incident; and
- (6) Whether the determination that the committed person is not dangerous to himself or others is dependent on the person's taking drugs, medicine or narcotics.

The burden of persuasion for any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility shall be

on the party seeking unconditional release to prove by clear and convincing evidence that the person for whom unconditional release is sought does not have, and in the reasonable future is not likely to have, a mental disease or defect rendering the person dangerous to the safety of himself or others.

8. The court shall enter an order either denying the application for unconditional release or granting an unconditional release. An order denying the application shall be without prejudice to the filing of another application after the expiration of one year from the denial of the last application.

9. No committed person shall be unconditionally released unless it is determined through the procedures in this section that the person does not have, and in the reasonable future is not likely to have, a mental disease or defect rendering the person dangerous to the safety of himself or others.

10. The committed person or the head of the facility where the person is committed may file an application in the court having probate jurisdiction over the facility where the person is detained for a hearing to determine whether the committed person shall be released conditionally. In the case of a person committed to a mental health facility upon acquittal on the grounds of mental disease or defect excluding responsibility for a dangerous felony as defined in section 556.061, murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040, any such application shall be filed in the court that committed the person. In such cases, jurisdiction over the application for conditional release shall be in the committing court. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the released person or the director of the department of mental health, or the director's designee, may file an application in the same court that released the person seeking to amend or modify the existing release. The procedures for application for unconditional releases set out in subsection 5 of this section shall apply, with the following additional requirements:

(1) A copy of the application shall also be served upon the prosecutor of the jurisdiction where the person is being detained, unless the released person was immediately conditionally released after being committed to the department of mental health, or unless the application was required to be filed in the court that committed the person in which case a copy of the application shall be served upon the prosecutor of the jurisdiction where the person was tried and acquitted and the prosecutor of the jurisdiction into which the committed person is to be released;

(2) The prosecutor of the jurisdiction where the person was tried and acquitted shall use their best efforts to notify the victims of dangerous felonies. Notification by the appropriate person or agency by certified mail to the most current address provided by the victim shall constitute compliance with the victim notification requirement of this section;

(3) The application shall specify the conditions and duration of the proposed release;

(4) The prosecutor of the jurisdiction where the person is being detained shall represent the public safety interest at the hearing unless the prosecutor of the jurisdiction where the person was tried and acquitted decides to appear to represent the public safety interest.

If the application for release was required to be filed in the committing court, the prosecutor of the jurisdiction where the person was tried and acquitted shall represent the public safety interest. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the prosecutor of the jurisdiction where the person was tried and acquitted shall appear and represent the public safety interest.

11. By agreement of all the parties, the hearing may be waived, in which case an order granting a conditional release, stating the conditions and duration agreed upon by all the parties and the court, shall be entered in accordance with subsection 13 of this section.

12. At a hearing to determine if the committed person should be conditionally released, the court shall consider the following factors in addition to any other relevant evidence:

(1) The nature of the offense for which the committed person was committed;

(2) The person's behavior while confined in a mental health facility;

- (3) The elapsed time between the hearing and the last reported unlawful or dangerous act;
- (4) The nature of the person's proposed release plan;
- (5) The presence or absence in the community of family or others willing to take responsibility to help the defendant adhere to the conditions of the release; and
- (6) Whether the person has had previous conditional releases without incident.

The burden of persuasion for any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility shall be on the party seeking release to prove by clear and convincing evidence that the person for whom release is sought is not likely to be dangerous to others while on conditional release.

13. The court shall enter an order either denying the application for a conditional release or granting conditional release. An order denying the application shall be without prejudice to the filing of another application after the expiration of one year from the denial of the last application.

14. No committed person shall be conditionally released until it is determined that the committed person is not likely to be dangerous to others while on conditional release.

15. If, in the opinion of the head of a facility where a committed person is being detained, that person can be released without danger to others, that person may be released from the facility for a trial release of up to ninety-six hours under the following procedure:

(1) The head of the facility where the person is committed shall notify the prosecutor of the jurisdiction where the committed person was tried and acquitted and the prosecutor of the jurisdiction into which the committed person is to be released at least thirty days before the date of the proposed trial release;

(2) The notice shall specify the conditions and duration of the release;

(3) If no prosecutor to whom notice is required objects to the trial release, the committed person shall be released according to conditions and duration specified in the notice;

(4) If any prosecutor objects to the trial release, the head of the facility may file an application with the court having probate jurisdiction over the facility where the person is detained for a hearing under the procedures set out in subsections 5 and 10 of this section with the following additional requirements:

(a) A copy of the application shall also be served upon the prosecutor of the jurisdiction into which the committed person is to be released; and

(b) The prosecutor or prosecutors who objected to the trial release shall represent the public safety interest at the hearing; and

(5) The release criteria of subsections 12 to 14 of this section shall apply at such a hearing.

16. The department shall provide or shall arrange for follow-up care and monitoring for all persons conditionally released under this section and shall make or arrange for reviews and visits with the client at least monthly, or more frequently as set out in the release plan, and whether the client is receiving care, treatment, habilitation or rehabilitation consistent with his needs, condition and public safety. The department shall identify the facilities, programs or specialized services operated or funded by the department which shall provide necessary levels of follow-up care, aftercare, rehabilitation or treatment to the persons in geographical areas where they are released.

17. The director of the department of mental health, or the director's designee, may revoke the conditional release or the trial release and request the return of the committed person if such director or coordinator has reasonable cause to believe that the person has violated the conditions of such release. If requested to do so by the director or coordinator, a peace officer of a jurisdiction in which a patient on conditional release is found shall apprehend and return such patient to the facility. No peace officer responsible for apprehending and returning the committed person to the facility upon the request of the director or coordinator shall be civilly liable for apprehending or transporting such patient to the facility so long as such duties were performed in good faith and without negligence. If a person on conditional release is returned to a facility under the provisions of this subsection, a hearing shall be held within

ninety-six hours, excluding Saturdays, Sundays and state holidays, to determine whether the person violated the conditions of the release or whether resumption of full-time hospitalization is the least restrictive alternative consistent with the person's needs and public safety. The director of the department of mental health, or the director's designee, shall conduct the hearing. The person shall be given notice at least twenty-four hours in advance of the hearing and shall have the right to have an advocate present.

18. At any time during the period of a conditional release or trial release, the court which ordered the release may issue a notice to the released person to appear to answer a charge of a violation of the terms of the release and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the released person. The warrant shall authorize the return of the released person to the custody of the court or to the custody of the director of mental health or the director's designee.

19. The head of a mental health facility, upon any notice that a committed person has escaped confinement, or left the facility or its grounds without authorization, shall immediately notify the prosecutor and sheriff of the county wherein the committed person is detained of the escape or unauthorized leaving of grounds and the prosecutor and sheriff of the county where the person was tried and acquitted.

20. Any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility for a dangerous felony as defined in section 556.061, murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040 shall not be eligible for conditional or unconditional release under the provisions of this section unless, in addition to the requirements of this section, the court finds that the following criteria are met:

(1) Such person is not now and is not likely in the reasonable future to commit another violent crime against another person because of such person's mental illness; and

(2) Such person is aware of the nature of the violent crime committed against another person and presently possesses the capacity to appreciate the criminality of the violent crime against another person and the capacity to conform such person's conduct to the requirements of law in the future.

552.050. MENTAL ILLNESS DURING SERVICE OF SENTENCE, PROCEEDINGS RELATING THERETO. — 1. If the chief administrative officer of any correctional facility has reasonable cause to believe that any offender needs care in a mental hospital, he or she shall so certify to the division of classification and treatment, which shall then transfer the offender to a state mental hospital for custody, care and treatment. The hospital may detain and treat the offender for a period of time not to exceed ninety-six hours. At the expiration of the ninety-six hours, the offender shall be returned to a correctional facility designated by the department of corrections unless the individual admits himself or herself as a voluntary patient or the [mental health coordinator or] head of the facility files for involuntary detention and treatment pursuant to chapter 632. The petition filed pursuant to section 632.330 shall be filed in the court having probate jurisdiction over the mental health facility in which the offender is being detained. The offender shall have the rights afforded respondents in sections 632.330 and 632.335, except that at the conclusion of the hearing on the petition the court may order the offender detained for a period of time not to exceed ninety days. At the expiration of the ninety-day commitment period ordered by the court, the offender may be detained and treated involuntarily for up to an additional one year under sections 632.355 and 632.360.

2. When an offender needs care in a mental hospital and is committed or transferred to a state mental hospital, the time spent at the mental hospital shall be calculated as a part of the sentence imposed upon him or her whether the sentence is an indeterminate one or for a definite period of time. The time spent at the mental hospital shall be deducted from the term of the sentence.

3. When an offender who has been transferred from a correctional facility to a state mental hospital recovers before the expiration of his or her sentence, the superintendent of the hospital shall so certify

Matter underscored is proposed language.

in writing to the division of classification and treatment. He or she shall thereupon be transferred to such correctional facility as the department may direct.

4. An offender who has been committed to or transferred to a state mental hospital and is still mentally ill at the expiration of his or her sentence may be discharged and delivered to any person who is able and willing to maintain him or her comfortably and to the satisfaction of the superintendent of the hospital, if, in the opinion of the superintendent, it is reasonably safe for the person to be at large. Before discharging the offender the superintendent shall receive verification of the expiration of the offender's sentence from the director of corrections. The person so discharged may, in the discretion of the superintendent, be provided with the whole or a portion of the allowances granted to discharged prisoners by section 217.285. The cost of such allowance shall be paid from the same funds as are allowances granted to persons discharged directly from a correctional facility.

5. When the term of an offender who has been committed or transferred to a state mental hospital has expired and the person, in the opinion of the hospital superintendent, is still in need of care in a mental hospital and for the welfare and safety of himself [and] or herself or others should remain in the hospital for custody, care and treatment, he or she shall be retained in the hospital only if proper involuntary detention proceedings have been instituted and held as provided in chapter 632. Thereafter this chapter and no other shall be applicable to his or her continued hospitalization and discharge.

552.080. COURT COSTS, EXAMINATION FEES, CARE AND TREATMENT, TRANSPORTATION, HOW PAID. — 1. Notwithstanding any other provisions of law, the court in which the proceedings are pending shall, upon application and approval, order the payment of or tax as costs the following expenses and fees, which in each case shall be reasonable, and so found by the court:

(1) Expenses and fees for examinations, reports and expert testimony of private psychiatrists who are neither employees nor contractors of the department of mental health for purposes of performing such services and who are appointed by the court to examine the accused under sections 552.020 and 552.030;

(2) The expenses of conveying any prisoner from a jail to a facility of the department of mental health and the expense of returning him to a jail under the provisions of section 552.020, 552.030, 552.040 or 552.050.

Such expenses and fees shall be paid, no matter how taxed as costs or collected, by the state, county or defendant, when liable for such costs under the provisions of chapter 550. Such order may be made at any time before or after the final disposition of the case and whether or not the accused is convicted or sentenced to the custody of the division of corrections or county jail, as the case may be, or placed upon probation or granted parole.

2. The expenses and fees provided in subsection 1 of this section may be levied and collected under execution; except that, if the state or county has by inadvertence or mistake paid expenses or fees as provided in subsection 1 of this section, the political entity having made such a mistake or inadvertent payment shall be entitled to recover the same from the entity responsible for such payment.

3. If a person is ordered held or hospitalized by the director of the department of mental health or in one of the facilities of the department of mental health pursuant to the following provisions, the liability for hospitalization shall be paid by the person, his estate or those responsible for his support in accordance with chapter 630:

(1) Following determination of lack of mental fitness to proceed under subsection [7] 8 of section 552.020;

(2) Following acquittal because of lack of responsibility due to mental disease or defect under section 552.030, and subsequent order of commitment to the director of the department of mental health under section 552.040.

4. The method of collecting the costs and expenses herein provided or otherwise incurred in connection with the custody, examination, trial, transportation or treatment of any person accused or convicted of any offense shall not be exclusive and same may be collected in any other manner provided by law.

- (2) Allege that the respondent is in need of continued detention and treatment either on an inpatient basis or on an outpatient basis;
- (3) Allege the specific behavior of the respondent or the facts which support such conclusion;
- (4) Affirm that attempts were made to provide necessary care, treatment and services in the least restrictive environment to the respondent on a voluntary basis, but either the petitioner believes that the respondent lacks the capacity to voluntarily consent to care, treatment and services or the respondent refuses to voluntarily consent to care, treatment and services such that proceeding with a petition for the respondent's civil detention in the least restrictive environment is necessary;
- (5) Allege that there will be appropriate support from family, friends, case managers or others during the period of outpatient detention and treatment in the community if such commitment is sought;
- (6) Specify the mental health program that is appropriate to handle the respondent's condition and that has agreed to accept the respondent;
- (7) Specify the range of care, treatment and services that shall be provided to the respondent if the petition for further detention is sustained by the court;
- (8) Name the entities that have agreed to fund and provide the specified interventions; and
- (9) Be verified by a psychiatrist or by a licensed physician and a mental health professional who have examined the respondent.

3. The petitioner shall consider whether based on the respondent's condition and treatment history, the respondent meets the criteria in chapter 475, so that appointment of a full or limited guardian or conservator is appropriate for the court to consider, and if deemed so, the petitioner then shall proceed as specified in subsection 4 of this section.

4. If the head of the mental health facility, or his or her designee, [or the mental health coordinator] believes that the respondent, because of a mental illness or mental disorder, may be incapacitated or disabled as defined in chapter 475, the head of the mental health facility [or mental health coordinator] shall cause a petition to be filed pursuant to section 475.060 and section 475.061, if applicable, with the court having probate jurisdiction as determined by section 475.035. In addition, if the head of the mental health facility, or his or her designee [or the mental health coordinator], believes it appropriate, he or she shall proceed with obtaining an order for the respondent's temporary emergency detention as provided for in section 475.355. Furthermore, the hearing on the petition filed pursuant to chapter 475 shall be conducted pursuant to the requirements of section 475.075 and other appropriate sections of chapter 475, and shall be held within two judicial days after termination of the ninety-six-hour civil detention period unless continued for good cause shown. Nothing contained in this subsection shall restrict or prohibit the head of the mental health facility, or his or her designee [or the mental health coordinator], from proceeding under the appropriate provisions of this chapter if the petition for guardianship or conservatorship is denied.

2. The hearing shall be conducted in as informal a manner as may be consistent with orderly procedure and in a physical setting not likely to have a harmful effect on the respondent. - (7) To be proceeded against according to the rules of evidence applicable to civil judicial proceedings; and
- (8) A hearing before a jury if requested by the patient or his or her attorney.

3. The respondent shall be present at the hearing, unless the respondent's physical condition is such that he or she cannot be present in the courtroom or if the court determines that the respondent's conduct in the courtroom is so disruptive that the proceedings cannot reasonably continue.

4. At the conclusion of the hearing, if the court finds, based upon clear and convincing evidence, that respondent, as the result of mental illness, presents a likelihood of serious harm to himself or herself or to others, and that a mental health program appropriate to handle the respondent's condition has agreed to accept him or her, the court shall order either that the respondent be detained for inpatient involuntary treatment in the least restrictive environment for a period not to exceed twenty-one days or be detained for outpatient detention and treatment under the supervision of a mental health program in the least restrictive environment for a period not to exceed one hundred eighty days.

632.340. FURTHER ADDITIONAL DETENTION OR OUTPATIENT DETENTION AND TREATMENT MAY BE REQUESTED — HEARING TO BE HELD, WHEN — TREATMENT PLAN TO BE PRESENTED. — 1. Before the expiration of the twenty-one-day inpatient detention and treatment period ordered pursuant to section 632.335, the court may order the respondent to be detained and treated involuntarily for an additional period not to exceed ninety inpatient days or may order the respondent to be detained for outpatient detention and treatment for a period not to exceed one hundred eighty days; provided, that:

(1) The respondent is mentally ill and continues to present a likelihood of serious harm to himself or herself or others; and

The court shall immediately set a date and time for a hearing on the petition, which shall take place within four judicial days of the date of the filing of the petition. The court shall serve a copy of the petition and the notice of the date and time of the hearing upon the petitioner, the respondent, and their attorneys as promptly as possible, but not later than two judicial days after the filing of the petition. The petitioner shall also file with the court, for the court to serve upon the respondent's attorney not later than two judicial days after the filing

If a continuance is granted, the court, in its discretion, may order respondent released upon conditions described by the court pending the hearing. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the respondent and granted, the respondent shall be released.

632.350. CONDUCT OF HEARING — JURY QUESTION — RESULT. — 1. The hearing for a ninety-day inpatient detention and treatment period or for outpatient detention and treatment for a period not to exceed one hundred eighty days shall be conducted in as informal a manner as may be consistent with orderly procedure and in a physical setting not likely to have a harmful effect on the mental health of the respondent. If a jury trial is not requested, due consideration shall be given by the court to holding a hearing at the mental health program. The hearing shall be held in accordance with the provisions set forth in section 632.335.

2. The burden of proof at the hearing shall be by clear and convincing evidence and shall be upon the petitioner.

3. If the matter is tried before a jury, the jury shall determine and shall be instructed only upon the issues of whether or not the respondent is mentally ill and, as a result, presents a likelihood of serious harm to himself or herself or others. The remaining procedures for the jury trial shall be as in other civil matters.

4. The respondent shall not be required to file an answer or other responsive pleading.

5. At the conclusion of the hearing, if the court or jury finds that the respondent, as the result of mental illness, presents a likelihood of serious harm to himself or herself or to others, and the court finds that a program appropriate to handle the respondent's condition has agreed to accept him or her, the court shall order the respondent to be detained for involuntary treatment in the least restrictive environment for a period not to exceed ninety days or for outpatient detention and treatment under the supervision of a mental health program in the least restrictive environment for a period not to exceed one hundred eighty days.

Procedures specified in sections 632.340, 632.345 and 632.350 shall be followed.

3. The department may transfer, or authorize the transfer of, an involuntary patient detained under this chapter, chapter 211, chapter 475, or chapter 552 from one mental health program to another if the department determines that it would be consistent with the medical needs of the patient to do so. If a minor is transferred from a ward for minors to an adult ward, the department shall conduct a due process hearing within six days of such transfer during which hearing the head of the program shall have the burden to show that the transfer is appropriate for the medical needs of the minor. Whenever a patient is transferred, written notice thereof shall be given after obtaining the consent of the patient, his or her parent if he or she is a minor or his or her legal guardian to his or her legal guardian, parents and spouse, or, if none be known, his or her nearest known relative or friend. In all such transfers, due consideration shall be given to the relationship of the patient to his or her family, legal guardian or friends, so as to maintain relationships and encourage visits beneficial to the patient. The head of the mental health program shall notify the court ordering detention or commitment, the patient's last known attorney of record [and the mental health coordinator for the region], and if the person was committed pursuant to chapter 552, to the prosecuting attorney of the jurisdiction where the person was tried and acquitted, of any transfer from one mental health facility to another. The prosecutor of the jurisdiction where the person was tried and acquitted shall use their best efforts to notify the victims of dangerous felonies. Notification by the appropriate person or agency by certified mail to the most current address provided by the victim shall constitute compliance with the victim notification requirement of this section. In the case of a patient committed under chapter 211, the court, on its own motion, may hold a hearing on the transfer to determine whether such transfer is appropriate to the medical needs of the patient.

2. Upon receipt of a certificate of an agency of the United States that facilities are available for the care or treatment of any individual heretofore ordered involuntarily detained, treated and evaluated pursuant to this chapter in any facility for the care or treatment of persons with a mental illness or an intellectual disability or a developmental disability and that such individual is eligible for care or treatment in a hospital or institution of such agency, the department may cause his or her transfer to such agency of the United States for hospitalization. Upon effecting any such transfer, the court ordering hospitalization, the legal guardian, spouse and parents, or, if none be known, his or her nearest known relative or friend shall be notified thereof immediately by the department. No person shall be transferred

to an agency of the United States if he or she is confined pursuant to a conviction for any felony or misdemeanor or if he or she has been acquitted of any felony or misdemeanor solely on the ground of mental illness, unless prior to transfer the court originally ordering confinement of such person enters an order for the transfer after appropriate motion and hearing. Any person transferred to an agency of the United States shall be deemed to be hospitalized by such agency pursuant to the original order of hospitalization.

632.375. PATIENT TO BE EVALUATED, WHEN — REPORT TO CERTAIN PERSONS — COURT MAY CONSIDER CONTINUATION OF DETENTION. — 1. At least once every one hundred eighty days, the head of each mental health program shall have each respondent who is detained at the program for a one-year period under this chapter examined and evaluated to determine if the respondent continues to be mentally ill, and as a result presents a likelihood of serious harm to himself or herself or others. The court, [the mental health coordinator for the region,] the respondent, and the respondent's attorney shall be provided copies of the report of the examination and evaluation described by this section and the respondent's individualized treatment plan.

2. Upon receipt of the report, the court may, upon its own motion, or shall, upon the motion of the respondent, order a hearing to be held as to the need for continued detention and involuntary treatment. At the conclusion of the hearing, the court may order:

- (1) The discharge of the respondent; or

The head of a mental health facility shall release a patient, whether voluntary or involuntary, from the facility to the least restrictive environment, including referral to and subsequent placement in the placement program of the department, when he or she believes that such release is in the best interests of the patient. Release to the least restrictive environment shall include provisions for continuing responsibility to and by the facility.

2. Release to the least restrictive environment may be conditioned on the patient receiving outpatient care as prescribed by the head of the mental health facility from which the patient is being released. The period of treatment in the least restrictive environment shall not exceed the period of one year.

3. The facility or agency which is to provide treatment in the least restrictive environment must agree in writing to assume such responsibility. A copy of the conditions for release shall be given to the patient, to the probate division of the circuit court having jurisdiction and the mental health facility providing treatment.

4. The head of a mental health facility may permit a respondent detained for treatment to leave the facility for prescribed short periods on trial visit during his or her detention subject to conditions prescribed by the head of the mental health facility.

5. The head of the mental health facility providing treatment may modify the conditions for continued release from the facility to the least restrictive environment when such modification is in the best interest of the patient. Notification of any changes shall be sent to the patient and to the court within ninety-six hours if the patient is involuntarily detained under this chapter. Upon a receipt of a notification returning the patient to the facility as an inpatient, the committing court shall, if necessary, order the sheriff or other law enforcement official to apprehend and transport the patient to the facility. The committing court may, on its own motion or shall upon the respondent's motion, order a hearing to be held on the need for such change.

2. Whenever the head of a mental health program discharges a person prior to the expiration of the detention order, he or she shall notify, in writing, the court [and the mental health coordinator].

3. Whenever a respondent voluntarily admits himself or herself and the head of a mental health program accepts the admission application submitted by respondent in good faith under section 632.105, the respondent's involuntary detention shall cease, and the head of the program shall notify, in writing, the court [and the mental health coordinator].

632.392. RELEASE OF PATIENT INVOLUNTARILY DETAINED, DUTIES OF DEPARTMENT — EDUCATIONAL MATERIALS — DISCLOSURE OF CONFIDENTIAL INFORMATION — CARE PROVIDER DEFINED. — 1. If the patient refuses to consent and the treating physician deems the information is medically necessary for the appropriate provision of health care or treatment by the care provider or is related to the safety of the patient or care provider, the information may still be released to the appropriate care provider. The reason for the intended disclosure, the specific information to be released and the persons to whom the disclosure is to be made, even if consent has not been obtained, will be provided to the client and care provider. All these procedures shall be documented by the treating physician in the client record, including a specific notation as to whether client consent was given.

3. As used in this section, the term "care provider" means the person or persons who can demonstrate that they are primarily responsible for the health care of the person with a mental illness. — 1. If an individual ordered to be involuntarily detained or committed, treated and evaluated pursuant to this chapter is eligible for hospital care or treatment by any agency of the United States, the court, upon receipt of a certificate from such agency showing that facilities are available and that the individual is eligible for care or treatment therein, may order him or her to be placed in the custody of such agency for hospitalization. When any individual is admitted pursuant to the order of the court to any hospital or institution operated by any agency of the United States within or without this state, he or she shall be subject to the rules and regulations of such agency. The chief officer of any hospital or institution operated by such agency and in which the individual is so hospitalized shall, with respect to such individual, be vested with the same powers as the heads of hospitals or the division within this state have with respect to detention, custody, transfer, conditional release and discharge of patients. Jurisdiction is retained in the appropriate courts of this state at any time to inquire into the mental condition of an individual so hospitalized and to determine the necessity for continuance of his or her hospitalization, and every order of hospitalization issued pursuant to this section is so conditioned.

2. An order of a court of competent jurisdiction of another state, or of the District of Columbia, authorizing hospitalization of an individual by any agency of the United States shall have the same force and effect as to the individual while in this state as in the jurisdiction in which is situated the court entering the order, and the courts of the state or District of Columbia issuing the order shall be deemed to have retained jurisdiction of the individual so hospitalized for the purpose of inquiring into his or her mental condition and of determining the necessity for continuance of his or her hospitalization, as is provided in subsection 1 of this section with respect to individuals ordered hospitalized by the courts of this state. Consent is hereby given to the application of the law of the state or District of Columbia in which is located the court issuing the order for hospitalization with respect to the authority of the chief officer of any hospital or institution operated in this state by any agency of the United States to retain custody, transfer, conditional release or discharge the individual hospitalized.

Once a court has assumed jurisdiction with respect to involuntary detention proceedings, no other court shall assume jurisdiction until the court having prior jurisdiction has transferred jurisdiction and all papers, files, and transcripts. If the court having jurisdiction receives notice that a respondent has been transferred to a mental health program in another county, the court shall transfer jurisdiction, along with all papers, files and transcripts, to the court in the county where the respondent has been transferred.

632.415. COURT TO MAINTAIN REGISTER OF ATTORNEYS AVAILABLE TO REPRESENT PATIENTS — STATE TO PAY CERTAIN ATTORNEY'S FEES. — 1. The judge having probate jurisdiction in each county where a mental health program is located shall prepare and maintain a current

[The register shall be provided to the mental health coordinator for the area which includes the county for which the list was prepared. A new register shall be provided to the mental health coordinator each time a new attorney is added.]

2. If the judge finds that the respondent is unable to pay attorney's fees for the services rendered in the proceedings, the judge shall allow a reasonable attorney's fee for the services, which fee shall be assessed as costs and paid together with all other costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state court administrator, from funds appropriated to the office of administration for such purposes provided that no attorney's fees shall be allowed for services rendered by any attorney who is a salaried employee of a public agency or a private agency which receives public funds.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

2. The department of natural resources may conduct a comprehensive review, and propose a new fee structure, or propose changes to the oil and gas fee structure, which may include but need not be limited to permit application fees, operating fees, closure fees, and late fees, and an extraction or severance fee. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: oil and gas industry representatives, the advisory committee, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure or changes to the oil and gas fee structure with stakeholder agreement to the oil and gas council. The council shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the council approves, by vote of two-thirds majority, the fee structure recommendations, the council shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules under

(c) Any waste that the United States Nuclear Regulatory Commission has approved for disposal on a case-by-case basis in accordance with 10 CFR Part 61, as amended.

2. Any shipper that ships high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state shall be subject to the fees established in this subsection, provided that no state-funded institution of higher education that ships nuclear waste shall pay any such fee. These higher education institutions shall reimburse the Missouri state highway patrol directly for all costs related to shipment escorts. The fees for all other shipments shall be:

(1) One thousand eight hundred dollars for each truck transporting through or within the state high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel or highway route controlled quantity shipments. All truck shipments of high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel, or highway route controlled quantity shipments are subject to a surcharge of twenty-five dollars per mile for every mile over two hundred miles traveled within the state;

5. Any unencumbered balance in the environmental radiation monitoring fund that exceeds three hundred thousand dollars in any given fiscal year shall be returned to shippers on a pro rata basis, based on the shipper's contribution into the environmental radiation monitoring fund for that fiscal year.

6. The department of natural resources, in coordination with the department of health and senior services and the department of public safety, may promulgate rules necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

Notice of any shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, or spent nuclear fuel through or within the state shall be provided by the shipper to the governor's designee for advanced notification, as described in 10 CFR Parts 71 and 73, as amended, prior to such shipment entering the state. Notice of any shipment of low-level radioactive waste through or within the state shall be provided by the shipper to the Missouri department of natural resources before such shipment enters the state.

10. Any shipper who fails to pay a fee assessed under this section, or fails to provide notice of a shipment, shall be liable in a civil action for an amount not to exceed ten times the amount assessed and not paid. The action shall be brought by the attorney general at the request of the department of natural resources. If the action involves a facility domiciled in the state, the action shall be brought in the circuit court of the county in which the facility is located. If the action does not involve a facility domiciled in the state, the action shall be brought in the circuit court of Cole County.

11. Beginning on December 31, 2009, and every two years thereafter, the department of natural resources shall prepare and submit a report on activities of the environmental radiation monitoring fund to the general assembly. This report shall include information on fee income received and expenditures made by the state to enforce and administer the provisions of this section.

(5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;

(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and

(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage

Matter underscored is proposed language.

of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners whose property is:

(1) Within two thousand six hundred forty feet, or one-half mile from the border of the proposed mine plan area; and

(2) Adjacent to the proposed mine plan area, land upon which the mine plan area is located, or adjacent land having a legal relationship with either the applicant or the owner of the land upon which the mine plan area is located.

The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the director may consider in issuing a permit may request a public meeting or file written comments to the director no later than fifteen days following the final public notice publication date. If any person requests a public meeting, the applicant shall cooperate with the director in making all necessary arrangements for the public meeting to be held in a reasonably convenient location and at a reasonable time for interested participants, and the applicant shall bear the expenses.

11. The director may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, [2024] 2030. No other provisions of this section shall expire.

640.023. PERMITTING OR REGULATORY ACTION BASED SOLELY ON GUIDANCE, PROHIBITED WHEN. — Notwithstanding any provision of law to the contrary, the department of natural resources shall not take any permitting or regulatory action based solely on guidance that has not been promulgated as a regulation, unless such use of guidance is agreed to by the permittee or person subject to such regulatory action.

640.099. NONSEVERABILITY OF ACT. — Notwithstanding the provisions of section 1.140 to the contrary, the provisions of sections 37.070, 67.4500, 67.4505, 67.4510, 67.4515, 67.4520, [192.105,] 247.060, 253.090, 442.014, 444.771, 444.773, 621.250, 640.018, 640.128, [640.850,] 643.020, 643.040, 643.050, 643.060, 643.079, 643.080, 643.130, 643.191, 643.225, 643.232, 643.237, 643.240, 643.242, 643.245, 643.250, 644.036, [644.051,] 644.054, 644.071, 644.145, 701.033, [701.058,] and this section shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of sections 37.070, 67.4500, 67.4505, 67.4510, 67.4515, 67.4520, [192.105,] 247.060, 253.090, 442.014, 444.771, 444.773, 621.250, 640.018, 640.128, [640.850,] 643.020, 643.040, 643.050, 643.060, 643.079, 643.080, 643.130, 643.191, 643.225, 643.232, 643.237, 643.240, 643.242, 643.245, 643.250, 644.036, [644.051,] 644.054, 644.071, 644.145, 701.033, [701.058,] and this section.

640.100. COMMISSION, DUTIES, PROMULGATE RULES — POLITICAL SUBDIVISIONS MAY SET CERTAIN ADDITIONAL STANDARDS — CERTAIN DEPARTMENTS TEST WATER SUPPLY, WHEN — FEES, AMOUNT — FEDERAL COMPLIANCE — CUSTOMER FEES, EFFECTIVE, WHEN — FEE REVIEW. — 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536 and an opportunity given to the public to be heard; the commission may solicit the views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, including but not limited to section 536.028, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644 shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing

standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320 and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320 and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	\$ 3.24
1,001 to 4,000 connections	3.00
4,001 to 7,000 connections	2.76
7,001 to 10,000 connections	2.40
10,001 to 20,000 connections	2.16
20,001 to 35,000 connections	1.92
35,001 to 50,000 connections	1.56
50,001 to 100,000 connections	1.32
More than 100,000 connections	1.08

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed seven dollars and forty-four cents; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed forty-one dollars and sixteen cents; and for customers with meters greater than four inches in size shall not exceed eighty-two dollars and forty-four cents.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 2006, and shall be collected by the public water system serving the customer beginning September 1, 2006, and continuing until such time that the safe drinking water commission, at its discretion, specifies a different amount under subsection 8 of this section. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section and fees established by the commission pursuant to subsection 8 of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 and fees established by the commission pursuant to subsection 8 of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. Section 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from public and private water suppliers, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the safe drinking water commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or six of nine commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, [2024] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.

643.079. FEES, AMOUNT — DEPOSIT OF MONEYS, WHERE, SUBACCOUNT TO BE MAINTAINED — CIVIL ACTION FOR FAILURE TO REMIT FEES, EFFECT UPON PERMIT — AGENCIES, DETERMINATION OF FEES — FEE STRUCTURE REVISION. — 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source as described in subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 of this section and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. Section 7651 et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 of this section and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661 et seq., and

Matter underscored is proposed language.

used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. Each retail agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan under 42 U.S.C. Section 7412(r), as amended, shall pay an annual registration fee of two hundred dollars. In addition, each retail agricultural facility that uses, stores, or sells anhydrous ammonia shall pay an annual tonnage fee calculated on the number of tons of anhydrous ammonia sold. The initial retail tonnage fee shall be set at one dollar and twenty-five cents per ton of anhydrous ammonia used or sold. Each distributor or terminal agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan program 3 under 40 CFR Part 68 shall pay an annual registration fee of five thousand dollars and shall not pay a tonnage fee. The annual registration fees and tonnage fee may be periodically revised under subsection 11 of this section. However, the fees collected shall be used exclusively for the purposes of administering the provisions of 42 U.S.C. Section 7412(r), as amended, for such agricultural facilities. Fees paid by agricultural air contaminant sources that use, store, or sell anhydrous ammonia for the purposes of implementing the requirements of 42 U.S.C. Section 7412(r), as amended, shall be deposited into the anhydrous ammonia risk management plan subaccount within the natural resources protection fund created in section 643.245. If the funding exceeds the reasonable costs to administer the programs as set forth in this section, the department of natural resources shall reduce fees for all registrants if the fees derived exceed the reasonable cost of administering the risk management plan under 42 U.S.C. Section 7412(r), as amended.

11. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure authorized by sections 643.073, 643.075, 643.079, 643.225, 643.228, 643.232, 643.237, and 643.242 after holding stakeholder meetings in order to solicit stakeholder input from each of the following groups: the asbestos industry, electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. The department shall submit a proposed fee structure with stakeholder agreement to the air conservation commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the previous fee structure shall expire upon the effective date of the commission-adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, by concurrent resolution disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the commission shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, [2024] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place.

644.051. PROHIBITED ACTS — PERMITS REQUIRED, WHEN, FEE — PERMIT APPLICATION PROCEDURES — RULEMAKING — LIMITATION ON USE OF PERMIT FEE MONEYS — PERMIT SHIELD PROVISIONS. — 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds an operating permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no operating permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule.

4. A construction permit may be required by the department in the following circumstances:

[a.] (1) Substantial deviation from the commission's design standards;

[b.] (2) To address noncompliance;

[c.] (3) When an unauthorized discharge has occurred or has the potential to occur; or

[d.] (4) To correct a violation of water quality standards.

[In addition,] 5. Any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of [this subsection] subsections 3 to 5 of this section. However, any earthen basin constructed to retain and settle nontoxic, nonmetallic earthen materials such as soil, silt, and rock shall be exempt from the construction permit provisions of subsections 3 to 5 of this section. All other construction-related activities at point sources not subject to subsections 3 to 5 of this section shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

[a.] (1) Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

[b.] (2) Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

[c.] (3) Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

6. A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

[4.] 7. Before issuing any permit required by this section, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

[5.] 8. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

[6.] 9. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons for such denial. As provided by sections 621.250 and 640.013, the applicant may appeal to the administrative hearing commission from the denial of a permit or from any condition in any permit by filing a petition with the administrative hearing commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the point source is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

[7.] 10. In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

[8.] 11. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

[9.] 12. Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

[10.] 13. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. [11.] 14. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

[12.] 15. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

[14.] 17. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

[15.] 18. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

[16.] 19. The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. Section 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

2. The director may at any time allocate any new position to a class, or change the allocation of any position to a class, or [recommend to the board] make changes in the classification plan. [Any change in the classification plan recommended by the director shall take effect when approved by the board, or on the ninetieth day after it is recommended to the board if prior thereto the board has not approved it. In case of necessity requiring the immediate establishment of a new class, the director may establish such a class on an interim basis pending approval of the class by the board as recommended by the director.]

3. When the allocation of a position to a class is changed, the director shall notify the appointing authority. If allocation authority is delegated, the appointing authority shall notify the director of any changes in the allocation. An employee who is occupying a position reallocated to a different class shall, subject to the regulations, be given the same status in the new class as previously held in the class from which his or her position is reallocated.

5. [After a class of positions has been approved by the board,] The director is authorized to make such changes in the class title or in the statement of duties and qualifications for [the] a new class as the director finds necessary for current maintenance of the classification plan; provided, however, that changes which materially affect the nature and level of a class or which involve a change in salary range for the class shall be approved by the board].

After consultation with appointing authorities and the state fiscal officers, and after a public hearing following suitable notice, the director shall prepare [and recommend to the board] a pay plan for each class of positions subject to this chapter pursuant to subsection 1 of section 36.030 and each class of positions subject to this section pursuant to section 36.031. The pay plan shall include, for each class of positions, a minimum and a maximum rate, and such provision for intermediate rates as the director considers necessary or equitable. The pay plan may also provide for the use of open, or stepless, pay ranges. The pay plan may include provision for grouping of positions with similar levels of responsibility or expertise into broad classification bands for purposes of determining compensation and for such salary differentials and other pay structures as the director considers necessary or equitable. In establishing the rates, the director shall give consideration to the experience in recruiting for positions in the state service, the rates of pay prevailing in the state for the services performed, and for comparable services in public and private employment, living costs, maintenance, or other benefits received by employees, and the financial condition and policies of the state. These considerations shall be made on a statewide basis and shall not make any distinction based on geographical areas or urban and rural conditions. The pay plan shall take effect when approved by [the board and] the governor, and each employee appointed to a position subject to this chapter pursuant to subsection 1 of section 36.030 and each class of positions subject to this section pursuant to section 36.031, after the adoption of the pay plan shall be paid according to the provisions of the pay plan for the position in which he or she is employed; provided, that the commissioner of administration certifies that there are funds appropriated and available to pay the adopted pay plan. Amendments to the pay plan may be recommended by the director from time to time as circumstances require and such amendments shall take effect when approved as provided by this section. The conditions under which employees may be appointed at a rate above the minimum provided for the class, or advance from one rate to another within the rates applicable to their positions, may be determined by the regulations.

2. Any change in the pay plan shall be made on a uniform statewide basis. No employee in a position subject to this chapter shall receive more or less compensation than another employee solely because of the geographical area in which the employee lives or works.

Matter underscored is proposed language.

2. For purposes of this chapter and chapters 193, 333, and 436, and in all cases relating to the custody, control, and disposition of deceased human remains, including the common law right of sepulcher, where not otherwise defined, the term "next-of-kin" means the following persons in the priority listed if such person is eighteen years of age or older, is mentally competent, and is willing to assume responsibility for the costs of disposition:

(1) An attorney in fact designated in a durable power of attorney wherein the deceased specifically granted the right of sepulcher over his or her body to such attorney in fact;

(2) For a decedent who was on active duty in the United States military at the time of death, the person designated by such decedent in the written instrument known as the United States Department of Defense Form 93, Record of Emergency Data, in accordance with [P.L. 109-163, Section 564,] 10 U.S.C. 3. The next-of-kin of the deceased shall be entitled to control the final disposition of the remains of any dead human being consistent with all applicable laws, including all applicable health codes. The next-of-kin may delegate the control of the final disposition of the remains of any dead human being to an agent through either a specific or general grant of power in accordance with section 404.710 if, at the time of delegation, the next-of-kin was eighteen years of age or older and mentally competent and the principal or agent is taking financial responsibility for the disposition.

If the funeral director has knowledge that there is more than one person in a class who are equal in priority and who do not agree on the disposition, the decision of the majority of the members of such class shall control the disposition.

8. For purposes of conducting a majority vote under subsection 7 of this section, the funeral director shall allow voting by proxy using a written authorization or instrument.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

60.401. MISSOURI STATE PLANE COORDINATE SYSTEM ESTABLISHED. — The [systems of] most recent system of state plane coordinates [which have been] established by the [National Ocean Survey/]National Geodetic Survey, or its [successors] successor, based on the National Spatial Reference System, or its successor, and known as the State Plane Coordinate System, for defining and stating the [geographic] positions or locations of points on the surface of the earth within the state of Missouri [are hereafter to] shall be known [and designated] as the ["Missouri Coordinate System of 1927" and the] "Missouri State Plane Coordinate System [of 1983]".

60.411. PROJECTION ZONE LAYERS. — The Missouri state plane coordinate system may have one or more projection zone layers. Each layer of zones shall be covered by geodetically referenced mapping projections adopted and supported by the National Geodetic Survey as a component of the National Spatial Reference System. Each layer of zones shall be identified by the geodetic datum upon which they are defined and each zone shall remain uniquely and consistently defined throughout its implementation within a particular layer.

60.431. POSITION OR LOCATION, USE OF PLANE COORDINATE TO ESTABLISH. — The plane coordinate [values for] of a point on the earth's surface, to be used [to express the geographic] in expressing the position or location of [such] the point in the appropriate zone of [this system] the Missouri state plane coordinate system, shall consist of two distances expressed in [U.S. Survey Feet] feet and decimals of a foot [when using the Missouri coordinate system of 1927 and expressed in] or in meters and decimals of a meter [when using the Missouri coordinate system of 1983]. If values are expressed in feet, the International foot, which is equal to three thousand forty-eight ten-thousandths meter (0.3048 meter), shall be used as the standard foot for the Missouri state plane coordinate system. One of these distances, to be known as the "east x-coordinate", shall give the [position in an east-and-west direction] distance east of the y-axis; the other, to be known as the "north y-coordinate", shall give the [position in a north-and-south direction] distance north of the x-axis. The y-axis of any zone shall be parallel with the central meridian of that zone. The x-axis of any zone shall be at right angles to the central meridian of that zone. These coordinates shall [be made to] depend upon and conform to plane rectangular coordinate values [for the monumented points of the North American Horizontal Geodetic Control Network, as published by the National Ocean Survey/] as established, published, or broadcast by the National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in sections 60.401 to [60.481] 60.496. Any such station or method may be used for establishing a survey connection to [either] the Missouri state plane coordinate system.

60.441. DESCRIPTIONS INVOLVING MORE THAN ONE ZONE. — When any tract of land to be defined by a single description extends from one into another of the coordinate zones [set out in section 60.410], the positions of all points on its boundaries may be referred to as either of the zones and the zone which is used shall be specifically named in the description.

60.471. USE OF TERM LIMITED. — The use of the term "Missouri State Plane Coordinate System [of 1927" or "Missouri Coordinate System of 1983]"" on any map, report of survey, or other document shall be limited to coordinates based on the Missouri state plane coordinate system as defined in sections 60.401 to [60.491] 60.496.

60.480. PROPERTY DESCRIPTIONS BASED ON UNITED STATES PUBLIC LAND SURVEY RECOGNIZED. — Descriptions of tracts of land by reference to subdivisions, lines, or corners of the United States public land survey, or other original pertinent surveys, are hereby recognized as the basic and prevailing method for describing such tracts. Whenever coordinates of the Missouri state plane coordinate system are used in such descriptions they shall be construed as being supplementary to descriptions of such subdivisions, lines, or corners contained in official plats and field notes of record;

and, in the event of any conflict, the descriptions by reference to the subdivisions, lines, or corners of the United States public land surveys, or other original pertinent surveys shall prevail over the description by coordinates.

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, 10, 12, 13, and 14 of this section.

7. Notwithstanding any provision of this section to the contrary, the commission shall issue a single-use special permit, or upon request of the owner of the truck or equipment shall issue an annual permit, for the transporting of any crane or concrete pump truck or well-drillers' equipment. The commission shall set fees for the issuance of permits and parameters for the transport of cranes pursuant to this subsection. Notwithstanding the provisions of section 301.133, cranes, concrete pump trucks, or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

11. Notwithstanding any provision of this section or any other law to the contrary, the commission shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the department of transportation motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The commission shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

12. Notwithstanding any provision of this section to the contrary, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to support the suppression of fires and mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear-drive steer axle; except that, such emergency vehicles shall only operate on the Dwight D. Eisenhower National System of Interstate and Defense Highways.

13. Notwithstanding any provision of this section to the contrary, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds.

14. Notwithstanding any provision of law to the contrary, local log trucks and local log truck tractors, as defined in section 301.010, may be operated with a weight not exceeding twenty-two thousand four hundred pounds on one axle or a weight not exceeding forty-four thousand eight hundred pounds on any tandem axle, except the front steering axle shall not exceed fifteen thousand pounds or the gross vehicle weight rating set by the manufacturer, and may have a total weight of up to one hundred [five] nine thousand six hundred pounds. Provided however, when operating on the national system of interstate and defense highways described in 23 U.S.C. Section 103, as amended, or outside the radius from the forested site specified in section 301.010 with an extended distance local log truck permit, the vehicle shall not exceed the weight limits otherwise specified in this section.

[60.451. MISSOURI COORDINATE SYSTEM ZONES PRECISELY DEFINED. — 1. For the purpose of more precisely defining the Missouri coordinate system of 1927, the following definition by the United States Coast and Geodetic Survey is adopted:

(1) The Missouri coordinate system of 1927, east zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 90 degrees - 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees - 30 minutes west of Greenwich and the parallel 35 degrees - 50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet;

(2) The Missouri coordinate system of 1927, central zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 92 degrees - 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees - 30 minutes west of Greenwich and the parallel of 35 degrees - 50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet;

(3) The Missouri coordinate system of 1927, west zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 94 degrees - 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees - 30 minutes west of Greenwich and the parallel 36 degrees - 10 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet.

2. For purposes of more precisely defining the Missouri coordinate system of 1983, the following definition by the National Ocean Survey/National Geodetic Survey is adopted:

(1) The Missouri coordinate system 1983, east zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 90 degrees - 30 minutes west of Greenwich,

on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees - 30 minutes west of Greenwich and the parallel 35 degrees - 50 minutes north latitude. This origin is given the coordinates: $x = 250,000$ meters and $y = 0$ meters;

(2) The Missouri coordinate system 1983, central zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 92 degrees - 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees - 30 minutes west of Greenwich and the parallel of 35 degrees - 50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ meters and $y = 0$ meters;

(3) The Missouri coordinate system 1983, west zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 94 degrees - 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees - 30 minutes west of Greenwich and the parallel 36 degrees - 10 minutes north latitude. This origin is given the coordinates: $x = 850,000$ meters and $y = 0$ meters.

3. The position of either Missouri coordinate system shall be as marked on the ground by horizontal control stations established in conformity with the standards adopted by the department of agriculture for first-order and second-order work, whose geodetic positions have been rigidly adjusted on the appropriate datum and whose coordinates have been computed on the system defined in this section. Any such station may be used for establishing a survey connection with the Missouri coordinate system.]

[60.491. MISSOURI COORDINATE SYSTEM OF 1983 TO BE SOLE SYSTEM AFTER JULY 1990.

— The Missouri coordinate system of 1927 shall not be used after July, 1990; and the Missouri coordinate system of 1983 shall be the sole system after this date.]

[195.203. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall, either by signature or an approved electronic process, complete and attest to the accuracy of the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar.

The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his or her medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice [agreement] arrangement, including collaborative practice [agreements] arrangements delegating the authority to prescribe controlled substances, or physician assistant [agreement] collaborative practice arrangement and also report to the board the name of each licensed professional with whom the physician has entered into such [agreement] arrangement. 9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services, as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse or a behavioral health physician and a behavioral health advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other [agreement] term of employment shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other [agreement] term of employment shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. 334.1605. PURPOSE. — In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. 2. Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

334.1715. SEVERABILITY AND CONSTRUCTION. — 1. The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

Matter underscored is proposed language.

B. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each Rule or amendment.

C. If a majority of the legislatures of the Member States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

D. Rules or amendments to the Rules shall be adopted at a regular or special meeting of the Commission.

E. Prior to promulgation and adoption of a final Rule or Rules by the Commission, and at least thirty (30) days in advance of the meeting at which the Rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

2. Prevent a loss of Commission or Member State funds;
3. Meet a deadline for the promulgation of an administrative Rule that is established by federal law or Rule; or
4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 12. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the Rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the Rules in any judicial or administrative proceeding in a Member State pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall:

- a. Provide written notice to the defaulting State and other Member States of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and
- b. Provide remedial training and specific technical assistance regarding the default.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Member States, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and each of the Member States.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

G. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

H. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

I. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

SECTION 13. DATE OF IMPLEMENTATION OF THE COUNSELING COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of Rules. Thereafter, the Commission shall meet and exercise Rulemaking powers necessary to the implementation and administration of the Compact.

B. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

C. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Professional Counseling Licensing Board to comply with the investigative and Adverse Action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any Professional Counseling licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 14. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any Member State or of the United States or the

If this Compact shall be held contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

Section 15. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A Licensee providing Professional Counseling services in a Remote State under the Privilege to Practice shall adhere to the laws and regulations, including scope of practice, of the Remote State.

D. Any lawful actions of the Commission, including all Rules and bylaws properly promulgated by the Commission, are binding upon the Member States.

E. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

7. (1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Commission may accept any and all appropriate revenue sources as provided in subdivision (13) of subsection 3 of this section.

(3) The Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Multistate License to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. 8. (1) The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(4) Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

(5) Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

2. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

3. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Adverse Actions against a license and information related thereto;

(4) Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

(6) The presence of Current Significant Investigative Information; and

(7) Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Commission.

4. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

5. (1) Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

(2) It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

6. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

7. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

337.1055. RULEMAKING. — 1. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

2. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that

establish the Member State's laws, regulations, and applicable standards that govern the practice of Social Work as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

3. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

4. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

5. Rules shall be adopted at a regular or special meeting of the Commission.

6. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

7. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

(1) On the website of the Commission or other publicly accessible platform;

(2) To persons who have requested notice of the Commission's notices of proposed rulemaking; and

(3) In such other way(s) as the Commission may by Rule specify.

8. The Notice of Proposed Rulemaking shall include:

(1) The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

(2) If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

(3) The text of the proposed Rule and the reason therefor;

(4) A request for comments on the proposed Rule from any interested person; and

(5) The manner in which interested persons may submit written comments.

9. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

10. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

11. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

(1) The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

(2) The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection 12 of this section, the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

12. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the

Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of Commission or Member State funds;
- (3) Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

14. No Member State's rulemaking requirements shall apply under this compact.

337.1060. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — 1. (1) The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

(2) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

(3) The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

2. (1) If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

(2) The Commission shall provide a copy of the notice of default to the other Member States.

3. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

5. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

6. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

7. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

8. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

9. (1) Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

(2) The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

10. (1) By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

(2) A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) No person other than a Member State shall enforce this compact against the Commission.

337.1065. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT. — 1. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

(1) On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

(a) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in section 337.1060.

(b) If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

(2) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in subdivision (21) of subsection 3 of section 337.1045 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(3) All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

(4) Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

2. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

(1) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

3. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

4. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

337.1070. CONSTRUCTION AND SEVERABILITY. — 1. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

2. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

3. Notwithstanding subsection 2 of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of subsection 2 of section 337.1060, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

337.1075. CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS. — 1. A Licensee providing services in a Remote State under a Multistate Authorization to Practice shall adhere to the laws and regulations, including laws, regulations, and applicable standards, of the Remote State where the client is located at the time care is rendered.

2. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

3. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

4. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

4. This chapter shall [also] not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

A diligent search shall be made to locate, contact, and notify the grandparent or grandparents of the child within three hours from the time the emergency placement is deemed necessary for the child. During such three-hour time period, the child may be placed in an emergency placement. If a grandparent or grandparents of the child cannot be located within the three-hour period, the child may be temporarily placed in emergency placement; except that, after the emergency placement is deemed necessary, the children's division shall continue a diligent search to contact, locate, and place the child with a grandparent or grandparents, or other relatives, with first consideration given to a grandparent for placement, subject to subsection 3 of section 210.565 regarding preference of placement.

4. A diligent search shall be made to locate, contact, and notify the relative or relatives of the child within thirty days from the time the emergency placement is deemed necessary for the child. The children's division shall continue the search for the relative or relatives until the division locates the relative or relatives of the child for placement, for six months following the child's out-of-home placement, or the court excuses further search, whichever occurs first. The department shall resume search efforts if ordered by the court, a change in the child's placement occurs, or a party shows that continuing the search is in the best interests of the child. The children's division, or an entity under contract with the division, shall use all sources of information, including any known parent or relative, to attempt to locate an appropriate relative as placement.

5. [Search progress under subsection 3 or 4 of this section shall be reported at each court hearing until the grandparents or relatives are either located or the court excuses further search.] The children's division shall file with the court information regarding attempts made under this section within thirty days from the date the child was removed from his or her home, or as otherwise required by the court, and at each periodic review hearing. Such information shall include:

(1) A detailed narrative explaining the division's efforts to find and consider each potential placement and the specific outcome;

(2) The names of and relevant information about grandparents and relatives of the child;

(3) Steps taken by the division to locate and contact grandparents and relatives of the child;

(4) Responses received from grandparents and relatives of the child;

(5) Dates of each attempted or completed contact with a grandparent or relative of the child;

(6) Reasons why a grandparent or relative of the child was not considered for emergency or permanent placement of the child; and

(7) All efforts for placement of the child through an interstate compact agreement under section 210.620, including:

(a) The names of grandparents or relatives of the child who were considered for an interstate placement;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

- (b) Any pending placement of the child through an interstate compact agreement; and
- (c) All potential out-of-state placements outside of an interstate compact agreement and the reasons such placements have not been initiated.

If an out-of-state placement option exists and the division has failed to file a request with the receiving state under the requirements of an interstate compact agreement under section 210.620, the court shall enter a finding that the division has not made a due diligence search and shall order the division to file a request with the receiving state under the terms of the interstate compact.

6. All grandparents or relatives to the child identified in a diligent search required by this section, subject to exceptions due to family or domestic violence or other safety concerns, shall be provided with notice, via certified mail as appropriate, that includes, but is not limited to:

(1) A specification that an alleged dependent child has been or is being removed from his or her parental custody;

(2) An explanation of the options a grandparent or relative has to participate in the care and placement of the alleged dependent child and any options that may be lost by failing to respond to the notice;

(3) A description of the process for becoming a licensed foster family home and the additional services and supports available for children placed in approved foster homes;

(4) A description of any financial assistance for which a grandparent or relative may be eligible;
and

(5) An explanation that any response received after thirty days or willful failure to respond upon receiving a notice may result in the grandparent or relative of the child not being considered for placement.

7. If a grandparent or relative entitled to notice under this section fails to respond to the division, responds and declines to be considered as placement for the child, or is otherwise presently prevented from being considered as placement for the child and later petitions the court for a change in placement, such person shall provide evidence that such change is in the child's best interests.

8. Nothing in this section shall be construed or interpreted to interfere with or supersede laws related to parental rights or judicial authority.

210.565. RELATIVES OF CHILD SHALL BE GIVEN FOSTER HOME PLACEMENT, WHEN — DEFINITIONS — ORDER OF PREFERENCE — SPECIFIC FINDINGS REQUIRED, WHEN — SIBLING PLACEMENT — AGE OF RELATIVE NOT A FACTOR, WHEN — FEDERAL REQUIREMENTS TO BE FOLLOWED FOR PLACEMENT OF NATIVE AMERICAN CHILDREN — WAIVER OF CERTAIN STANDARDS, WHEN — GAL TO ASCERTAIN CHILD'S WISHES, WHEN. — 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 4 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary and under section 210.305, the children's division shall complete a diligent search to locate and notify the grandparents, adult siblings, parents of siblings of the child, and all other relatives and determine whether they wish to be considered for placement of the child. Grandparents who request consideration shall be given preference and first consideration for foster home placement of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement.

2. As used in this section, the following terms shall mean:

(1) "Adult sibling", any brother or sister of whole or half-blood who is at least eighteen years of age;

(2) "Relative", a grandparent or any other person related to another by blood or affinity or a person who is not so related to the child but has a close relationship with the child or the child's family. A foster parent or kinship caregiver with whom a child has resided for nine months or more is a person who has a close relationship with the child. The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter;

(3) "Sibling", one of two or more individuals who have one or both parents in common through blood, marriage, or adoption, including siblings as defined by the child's tribal code or custom.

3. The following shall be the order or preference for placement of a child under this section:

(1) Grandparents;

(2) Adult siblings or parents of siblings;

(3) Relatives [related by blood or affinity within the third degree]; and

(4) [Other relatives; and

(5)] Any foster parent who is currently licensed and capable of accepting placement of the child.

4. The preference for placement and first consideration for grandparents or preference for placement with other relatives created by this section shall only apply where the court finds that placement with such grandparents or other relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with grandparents or other relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than grandparents or other relatives. Absent evidence to the contrary, the court may presume that continuation of the child's placement with his or her current caregivers is in the child's best interests.

5. Recognizing the critical nature of sibling bonds for children, the children's division shall make reasonable efforts to place siblings in the same foster care, kinship, guardianship, or adoptive placement, unless doing so would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, the children's division shall make reasonable efforts to provide frequent visitation or other ongoing interaction between the siblings, unless this interaction would be contrary to a sibling's safety or well-being.

6. The age of the child's grandparent or other relative shall not be the only factor that the children's division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such grandparent or other relative.

7. For any Native American child placed in protective custody, the children's division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

8. A grandparent or other relative may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the grandparent's or relative's home. In addition, any person receiving a preference may be licensed in an expedited manner if a child is placed under such person's care.

9. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests.

210.795. REPORT OF MISSING CHILDREN, PROCEDURE — PROTOCOLS — ANNUAL AUDIT, WHEN. — 1. (1) A child in the care and custody of the children's division whose physical whereabouts are unknown to the division, the child's physical custodian, or contracted service providers shall be considered missing and the case manager or placement provider shall immediately inform a law enforcement agency having jurisdiction and the National Center for Missing and Exploited Children within two hours of discovery that the child is missing.

(2) The case manager shall document the report number and any relevant information in the child's record.

(3) Within twenty-four hours of a report being made under this subsection, the department shall inform and obtain information about the child's disappearance from the child's parents, known relatives, out-of-home caregivers, attorney, guardian or guardian ad litem, court appointed special advocate, juvenile officer, or Indian tribe, as applicable, or from any other person known to the department who may have relevant information regarding the child's disappearance.

(4) The case manager shall:

(a) Within one week and monthly thereafter, maintain contact with the child's family members, friends, school faculty, and service providers and with any other person or agency involved in the child's case;

(b) Document ongoing efforts to locate the child; and

(c) Continue contacting law enforcement about the missing child and shall make quarterly reports to the court about the status of the child and efforts to locate the child.

The department shall contact law enforcement every seven days and document the information provided and any information received.

(5) The division shall not petition the court for a release of jurisdiction for the child or stop searching for the child while the child is missing until the child reaches the age of twenty-one.

2. The division shall maintain protocols, including appropriate trainings, for conducting ongoing searches for children missing from care. Such protocols shall include preventative measures to identify and mitigate risk to children who are at increased risk for running away or disappearing or of being victims of trafficking as defined under section 566.200.

3. The division shall ensure that each child in the care and custody of the division has an updated photograph in the child's record.

4. When a child is located, the department shall:

(1) Inform all law enforcement agencies and organizations involved in the child's case; and

(2) Have in-person contact with the child within twenty-four hours after the child is located to assess the child's health, experiences while absent, the appropriateness of the child returning to the child's current placement, and the factors that contributed to the child's absence.

5. Any employee or contractor with the children's division, child welfare agencies, other state agencies, or schools shall, upon becoming aware that an emancipated minor as defined in section 302.178, a homeless youth as defined in section 167.020, or an unaccompanied minor as defined in section 210.121 is missing, inform the appropriate law enforcement agency and the National Center for Missing and Exploited Children within twenty-four hours.

6. Within twenty-four hours of a missing child being found, the division shall assess whether the child was a victim of trafficking and determine any factors that caused the child to go missing.

7. The general assembly may require an annual independent audit of the department's compliance with this section.

285.040. PUBLIC SAFETY EMPLOYEES — RESIDENCY REQUIREMENTS (CITY OF ST. LOUIS). — 1. As used in this section, "public safety employee" shall mean a person trained or authorized by law or rule to render emergency medical assistance or treatment, including, but not limited to, firefighters, [ambulance attendants and attendant drivers,] emergency medical technicians, [emergency medical technician paramedics,] dispatchers, registered nurses, physicians, and sheriffs and deputy sheriffs.

2. No public safety employee or any other employee of a city not within a county [who is hired prior to September 1, 2023,] shall be subject to a residency requirement of retaining a primary residence

in a city not within a county but may be required to maintain a primary residence located within a one-hour response time.

[3. Public safety employees of a city not within a county who are hired after August 31, 2023, may be subject to a residency rule no more restrictive than a requirement of retaining a primary residence in a city not within a county for a total of seven years and of then allowing the public safety employee to maintain a primary residence outside the city not within a county so long as the primary residence is located within a one-hour response time.]

287.067. OCCUPATIONAL DISEASE DEFINED — REPETITIVE MOTION, LOSS OF HEARING, RADIATION INJURY, COMMUNICABLE DISEASE, OTHERS — POSTTRAUMATIC STRESS DISORDER (PTSD). — 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. "Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the

Matter underscored is proposed language.

evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder, and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later.

applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new or used motor vehicle, trailer, boat, or outboard motor subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510 has been paid as provided in this section or is registered under the provisions of subsection 5 of this section.

2. As used in subsection 1 of this section, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing or rental company and pay an annual fee of two hundred fifty dollars for such authority. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a registered fleet owner as described in subsections 6 to 10 of section 301.032 shall furnish with the application to operate as a registered fleet owner a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the registered fleet owner complying with the provisions of any statutes applicable to registered fleet owners, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the registered fleet owner license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

11. (1) Every motor vehicle dealer licensed under section 301.560, as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the motor vehicle administration technology fund as created in section 301.558, shall collect and remit the sales tax required under this section on all motor vehicles that such dealer sells. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

303.425. INCENTIVE PROGRAM CREATED — USE OF THIRD-PARTY VENDORS — COMPARISON OF REGISTRATION AND FINANCIAL RESPONSIBILITY INFORMATION — USE OF DATA — ACCESS TO SYSTEM — SUSPENSION OF REGISTRATION, WHEN, PROCEDURE — REPORT — RULEMAKING AUTHORITY. — 1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services.

(2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

(3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision, "motor vehicle financial responsibility enforcement system" means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations.

(4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

3. The department of revenue may authorize traffic enforcement officers, or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program.

4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars and four license points, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility

for participation in the diversion option, the effective date of the suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. Except as otherwise provided in subsection 1 of this section, all such fees shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor or other entity authorized to operate under the program may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles, and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by

the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

14. The department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.430. VERIFICATION OF FINANCIAL RESPONSIBILITY, WEB-BASED SYSTEM ESTABLISHED — REQUIREMENTS — ADVISORY COUNCIL — RULEMAKING AUTHORITY. — 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or "IICMVA". Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or "NAIC", company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer's system shall respond within the time period prescribed by the IICMVA's specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems

are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. The advisory council shall consist of voting members comprised of:

(a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;

(b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;

(c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;

(d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;

(e) One representative from the Missouri Insurance Coalition;

(f) One representative chosen by the National Association of Mutual Insurance Companies;

(g) One representative chosen by the American Property and Casualty Insurance Association;

(h) One representative chosen by the Missouri Independent Agents Association; and

(i) Such other representatives as may be appointed by the director of the department of commerce and insurance;

(5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;

(6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;

(7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;

(8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;

(9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;

(10) For the purposes of this section, "commercial auto coverage" shall mean any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial coverage form and rated from a commercial manual approved by the department of commerce and insurance. Sections 303.420 to 303.440 shall not apply to vehicles insured under commercial auto coverage; however, insurers of such vehicles may participate on a voluntary basis, and vehicle owners

may provide proof at or subsequent to the time of vehicle registration that a vehicle is insured under commercial auto coverage, which the department of revenue shall record in the system;

(11) Insurers shall provide commercial or fleet automobile customers with evidence reflecting that the vehicle is insured under a commercial or fleet automobile liability policy. Sufficient evidence shall include an insurance identification card clearly marked with a suitable identifier such as "commercial auto insurance identification card", "fleet auto insurance identification card", or other clear identification that the vehicle is insured under a fleet or commercial policy;

(12) Notwithstanding any provision of sections 303.420 to 303.440, insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of sections 303.420 to 303.440;

(13) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor for facilitating the verification system required under sections 303.420 to 303.440.

3. The department of revenue shall promulgate rules as necessary for the implementation of sections 303.420 to 303.440. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.440. OPERATIONAL DATE FOR VERIFICATION SYSTEM — TESTING OR PILOT PERIOD.

— The verification system established under section 303.430 shall be installed and fully operational on January 1, 2025, following an appropriate testing or pilot period of not less than nine months. Until the successful completion of the testing or pilot period in the judgment of the director of the department of revenue, no enforcement action shall be taken based on the system, including but not limited to action taken under the program established under section 303.425.

specify in writing to each of its franchisees in this state the franchisee's obligations for preparation, delivery, and warranty service on its products. The franchisor shall fairly and reasonably compensate the franchisee for preparation, delivery, and warranty service required of the franchisee by the franchisor. The franchisor shall provide the franchisee with the schedule of compensation to be paid to the franchisee for parts, labor, and service, and the time allowance for the performance of the labor and service for the franchisee's obligations for preparation, delivery, and warranty service.

2. The schedule of compensation shall include reasonable compensation for diagnostic work, as well as repair service and labor for the franchisee to meet its obligations for preparation, delivery, and warranty service. The schedule shall also include reasonable and adequate time allowances for the diagnosis and performance of preparation, delivery, and warranty service to be performed in a careful and professional manner. In the determination of what constitutes reasonable compensation for labor and service pursuant to this section, the principal factor to be given consideration shall be the prevailing wage rates being charged for similar labor and service by [franchisees in the market in which the franchisee is doing business, and in no event shall the compensation of a franchisee for labor and service be less than the rates charged by] the franchisee for similar labor and service to retail customers for nonwarranty labor and service[, provided that such rates are reasonable]. The primary factor in determining [a fair and] reasonable compensation for parts under this section shall be the [prevailing amount charged for similar parts by other same line-make franchisees in the market in which the franchisee is doing business and the fair and reasonable compensation for parts shall not be less than the] amount charged by the franchisee for similar parts to retail customers for nonwarranty parts[, provided that such rates are reasonable. If another same line-make franchisee is not available within the market, then the prevailing amount charged for similar parts by other franchisees in the market shall be used as the primary factor].

3. A franchisor shall perform all warranty obligations, including recall notices; include in written notices of franchisor recalls to new motor vehicle owners and franchisees the expected date by which necessary parts and equipment will be available to franchisees for the correction of the defects; and [reasonably] compensate any of the franchisees in this state for repairs required by the recall. [Reasonable] Compensation for parts[, and labor[, and service] for recall repairs shall be determined under subsection 2 of this section.

4. No franchisor shall require a franchisee to submit a claim authorized under this section sooner than thirty days after the franchisee completes the preparation, delivery, or warranty service authorizing the claim for preparation, delivery, or warranty service. All claims made by a franchisee under this section shall be paid within thirty days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claims not specifically disapproved in writing within thirty days after the receipt of the form shall be considered to be approved and payment shall be made within fifteen days thereafter. A franchisee shall not be required to maintain defective parts for more than thirty days after submission of a claim.

5. A franchisor shall compensate the franchisee for franchisor-sponsored sales or service promotion events, including but not limited to, rebates, programs, or activities in accordance with established written guidelines for such events, programs, or activities, which guidelines shall be provided to each franchisee.

6. No franchisor shall require a franchisee to submit a claim authorized under subsection 5 of this section sooner than thirty days after the franchisee becomes eligible to submit the claim. All claims made by a franchisee pursuant to subsection 5 of this section for promotion events, including but not limited to rebates, programs, or activities shall be paid within ten days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any

claim not specifically disapproved in writing within thirty days after the receipt of this form shall be considered to be approved and payment shall be made within ~~[ten]~~ fifteen days.

7. In calculating the retail rate customarily charged by the franchisee for parts, service, and labor, the following work shall not be included in the calculation:

- (1) Repairs for franchisor, manufacturer, or distributor special events, specials, or promotional discounts for retail customer repairs;
- (2) Parts sold at wholesale;
- (3) Engine assemblies and transmission assemblies;
- (4) Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;
- (5) Nuts, bolts, fasteners, and similar items that do not have an individual part number;
- (6) Tires; and
- (7) Vehicle reconditioning.

8. If a franchisor, manufacturer, importer, or distributor furnishes a part or component to a franchisee, at no cost, to use in performing repairs under a recall, campaign service action, or warranty repair, the franchisor shall compensate the franchisee for the part or component in the same manner as warranty parts compensation under this section by compensating the franchisee at the average markup on the cost for the part or component as listed in the price schedule of the franchisor, manufacturer, importer, or distributor, less the cost for the part or component. This subsection shall not apply to entire engine assemblies, propulsion engine assemblies, including electric vehicle batteries, or entire transmission assemblies.

9. A franchisor shall not require a franchisee to establish the retail rate customarily charged by the franchisee for parts, service, or labor by an unduly burdensome or time-consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. A franchisee shall not request a franchisor to approve a different labor rate or parts rate more than twice in one calendar year.

10. If a franchisee submits any claim under this section to a franchisor that is incomplete, inaccurate, or lacking any information usually required by the franchisor, then the franchisor shall promptly notify the franchisee, and the time limit to submit the claim shall be extended for a reasonable length of time, not less than five business days following notice by the franchisor to the franchisee, for the franchisee to provide the complete, accurate, or lacking information to the franchisor.

11. (1) A franchisor may only audit warranty, sales, or incentive claims and charge-back to the franchisee unsubstantiated claims for a period of twelve months following payment, subject to all of the provisions of this section. Furthermore, if the franchisor has good cause to believe that a franchisee has submitted fraudulent claims, then the franchisor may only audit suspected fraudulent warranty, sales, or incentive claims and charge-back to the franchisee fraudulent claims for a period of two years following payment, subject to all provisions of this section.

(2) A franchisor shall not require documentation for warranty, sales, or incentive claims more than twelve months after the claim was paid.

(3) Prior to requiring any charge-back, reimbursement, or credit against a future transaction arising out of an audit, the franchisor shall submit written notice to the franchisee along with a copy of its audit and the detailed reason for each intended charge-back, reimbursement, or credit.

12. A franchisee may file a complaint with the administrative hearing commission pursuant to section 407.822 within ~~[thirty]~~ sixty days after receipt of any ~~[such]~~ written notice [challenging such action] by a franchisor of any adverse decision on any claim for reimbursement submitted pursuant to this section, including, but not limited to, specific claims for reimbursement in individual warranty repair transactions, and requests for an increase in labor or parts rate. If a complaint is filed within the ~~[thirty]~~ sixty days, then the ~~[charge-back, reimbursement, or credit]~~ denial or reduction of reimbursement, denial of a request for an increase in labor or parts rate, charge-back, or other determination by a

The franchisor shall file an answer to the complaint within thirty days after service of the complaint. If, following a hearing which shall be held within sixty days following service of the franchisor's answer, the administrative hearing commission determines that [any portion of the charge-back, reimbursement, or credit is improper, then that portion of the charge-back, reimbursement, or credit shall be void and not allowed] a franchisor has violated any requirements of this section, then the denial or reduction of reimbursement, denial of a request for an increase in labor or parts rate, or charge-back shall be void and the franchisor shall, within fifteen days of the commission's order, fairly compensate the franchisee as required by the provisions of this section. Proposed Amendments to the Constitution of Missouri 1515

November 5, 2024 Election

SJR 26 [SJR 26]

Proposes a constitutional amendment that provides for a property tax exemption for certain child care facilities by general law.

CONSTITUTIONAL AMENDMENT NO. 1. — (Proposed by the 102nd General Assembly, First Regular Session, SJR 26)

Official Ballot Title:

Shall the Missouri Constitution be amended to allow places where individuals, corporations, organizations, and associations provide childcare outside of the child's home to be exempt from property tax? This is intended to make childcare more available, which would support the well-being of children, families, the workforce, and society as a whole.

State governmental entities estimate the state's Blind Pension Fund could have annual lost revenue of up to \$400,000. Local governments expect an unknown fiscal impact.

Fair Ballot Language:

A **"yes"** vote will amend the Missouri Constitution to grant the General Assembly statutory authority to exempt all property, real and personal, used primarily for the care of a child outside of his or her home by general law. An assessing authority may be authorized by general law to exempt from the assessment, levy, and collection of taxes such portion of the property of such individual, corporation, organization, or association that is used primarily for such childcare.

A **"no"** vote will not amend the Missouri Constitution and childcare facilities will continue to be assessed, levied, and pay taxes.

If passed, this measure will have no impact on taxes.

The provisions of this section exempting certain personal property of manufacturers, refiners, distributors, wholesalers, and retail merchants and establishments from taxation shall become effective, unless otherwise provided by law, in each county on January 1 of the year in which that county completes its first general reassessment as defined by law.

2. All revenues lost because of the exemption of certain personal property of manufacturers, refiners, distributors, wholesalers, and retail merchants and establishments shall be replaced to each taxing authority within a county from a countywide tax hereby imposed on all property in subclass 3 of class 1 in each county. For the year in which the exemption becomes effective, the county clerk shall calculate the total revenue lost by all taxing authorities in the county and extend upon all property in subclass 3 of class 1 within the county, a tax at the rate necessary to produce that amount. The rate of tax levied in each county according to this subsection shall not be increased above the rate first imposed and will stand levied at that rate unless later reduced according to the provisions of subsection 3. The county collector shall disburse the proceeds according to the revenue lost by each taxing authority because of the exemption of such property in that county. Restitution of the revenues lost by any taxing district contained in more than one county shall be from the several counties according to the revenue lost because of the exemption of property in each county. Each year after the first year the replacement tax is imposed, the amount distributed to each taxing authority in a county shall be increased or decreased by an amount equal to the amount resulting from the change in that district's total assessed value of property in subclass 3 of class 1 at the countywide replacement tax rate. In order to implement the provisions of this subsection, the limits set in section 11(b) of this article may be exceeded, without voter approval, if necessary to allow each county listed in section 11(b) to comply with this subsection.

3. Any increase in the tax rate imposed pursuant to subsection 2 of this section shall be decreased if such decrease is approved by a majority of the voters of the county voting on such decrease. A decrease in the increased tax rate imposed under subsection 2 of this section may be submitted to the voters of a county by the governing body thereof upon its own order, ordinance, or resolution and shall be submitted upon the petition of at least eight percent of the qualified voters who voted in the immediately preceding gubernatorial election.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

4. As used in this section, the terms "revenues lost" and "lost revenues" shall mean that revenue which each taxing authority received from the imposition of a tangible personal property tax on all personal property held as industrial inventories, including raw materials, work in progress and finished work on hand, by manufacturers and refiners, and all personal property held as goods, wares, merchandise, stock in trade or inventory for resale by distributors, wholesalers, or retail merchants or establishments in the last full tax year immediately preceding the effective date of the exemption from taxation granted for such property under subsection 1 of this section, and which was no longer received after such exemption became effective.

5. Because the availability of childcare supports the well-being of children, families, the workforce, and society as a whole, all property, real and personal, used primarily for the care of a child outside of his or her home may be exempted from taxation by general law. If a portion of the property of an individual or a for profit or nonprofit corporation, organization, or association is used for such childcare, an assessing authority may be authorized by general law to exempt from the assessment, levy, and collection of taxes such portion of the property of such individual, corporation, organization, or association that is used primarily for such childcare.

SECTION B. SUMMARY STATEMENT. — Pursuant to chapter 116, and other applicable constitutional provisions and laws of this state allowing the general assembly to adopt ballot language for the submission of this joint resolution to the voters of this state, the official summary statement of this resolution shall be as follows:

"Shall the Missouri Constitution be amended to allow places where individuals, corporations, organizations, and associations provide childcare outside of the child's home to be exempt from property tax? This is intended to make childcare more available, which would support the well-being of children, families, the workforce, and society as a whole."
